

HR21 – A Division of JGI

ADP Services Partner for 15 Years

JGI, established in 1982, is a Consulting & Professional Services firm specializing in HR/Payroll/Benefits Consulting. In 1994, JGI expanded to include **HR21** who partnered with **ADP** to implement and support ADP Applications like HRizon and now Enterprise. Since then, **HR21's sole focus** has been to cost effectively implement ADP HR/Payroll/Benefit solutions for National Account customers and add value to their ADP software investments. HR21 also has vast experience with upgrades and patch applications of Enterprise from version to version using a proven Methodology.

HR21 has successfully provided services to over **300 ADP customers** delivering results quickly, **on time and on budget** to a wide array of industries. Some of these commonly recognized companies include: **Panasonic, Amerada-Hess, Fuji Film, International Paper, Coca-Cola, Playboy, and Sunrise Senior Living.**

HR21's ADP experts know how to leverage technology, improve processes and optimally align organizations with their ADP solution environment.

For example, HR21 helps HR organizations:

- **Develop strategic plans**
- **Use available data more efficiently**
- **Improve upon existing services**
- **Evaluate and Improve HR processes and applications**
- **Build out Enterprise advanced modules**

From implementation to application upgrades, **HR21's singular focus** is based upon offering flexible, cost-effective solutions that **optimize our clients' ADP HRMS environments**. Our experience is unparalleled as an **ADP Services Partner**, and our success is measured solely by the success of our clients in meeting their strategic and operational HR goals.
